Balinese people are known for their artistry They have developed a sophisticated sculpting tradition that manifests in architecture rich with ornamentation and interior decoration.. [1]Today, contemporary Balinese style is known as one of the most popular Asian tropical architecture,[2] due largely to the growth of the tourism industry in Bali that has created demand for Balinese-style houses, cottages, villas and hotels.. Traditional Balinese houses are built almost entirely of organic materials [2] They use natural materials such as thatch roofing, bamboo poles, woven bamboo, coconut wood, teak wood, brick and stone.. Balinese temples and palaces are exquisitely decorated with rich ornamentations, both wooden and stone sculpting, which usually depict floral patterns..
