[Fireside 1.0 Free Download For Mac](#)

We don't all have the luxury of our own fireplace at home, but with Fireplace Live HD you can enjoy the visuals and sounds of a real fire anytime, at home or anywhere! Turn it on to create an instant warm, cozy effect, romantic setting or just a beautiful, relaxing background for any occasion.. Turn your screen into a beautiful fireplace! Very relaxing to have running in the background while you work or rest.
